For the below questions there are no right or wrong answers. I encourage you to take the time and use these **questions as a tool to become a better photographer. I expect to see thoughtful, thorough answers.**

Based on your response above, rate your overall performance on this project from 1 to 5. Number 1 is the poorest and 5 exceeds expectations – spectacular.

How did you arrive at the ranking above?

What strategies might you develop to help you improve your ranking? Please be specific.

What was your greatest challenge with this project?

This could be technical, logistical, emotional, etc.

What did you learn from it? Will it change the way you photograph in the future?

What do you think was the strength of your finished photographs? Why?

What (if any) questions arose while you were working on your project?

There are **NO** wrong questions.

What will you work to improve upon in your next project?

Additional Comments:

Please provide any additional comments you would like to add about your development in this class.
